This is My **Article**:

- Tie it in

Other name is:

*Around The
Block*

It is **About**:

People
In Conversation

Specifically:

The Note
In Conversation

When we:

- **Talk**
- Together
- **Conversation**

Doing this:

*There is a
Note in it*

A:

- **Lasting** Note
- **Continues**
- In Conversation

We Remember:

Conversation

Note

I said:

- The **note**

We know it

*When we **talk:***

Together

With people

Conversation

Most often:

- **Topic**
- Is the **note**

When we:

Talk

Together

Conversation

*With **Topic:***

There is a

Note in it

Topic

*The **Note***

About This

Omg:

- Have you
- **Seen** them

Jeez

What I mean:

Is

*The **people***

Probably:

- **Rude**

But mainly:

Questionable

This means:

Not sure

Example is:

- In **Conversation**
- Together
- Someone **poses**

A question

Or statement

Not directly:

Of the

Conversation

Yet put

At once:

- It seems like
- **Questionable**

Not directly:

Part of

Or included

More like:

Someone else

If not:

- **Related**
- Then
- **What** is it

Could be:

Rude

Does seem:

Questionable

So:

- Not **fit**

Not directly:

Part of
Conversation

Could they:

Tie it in

Dunno

Them

These **guys**:

- Example

In Conversation:

Together
Someone poses

A question
Or statement

It may be:

Vague
Iffy
Or drifty

Some kind of:

A question
Or statement

Not directly:

Related

- Then **abstract**

When these:

Guys

Like interrupt

Rather abstract

Ok

Point

Substance:

- Huh

Do they have:

Substance

A vague:

- **Comment**
- Question
- Or statement

Not directly

Substance

With:

Substance

No problem

Without:

Substance

Vague or iffy

Could be:

- Their **view**

Yet:

Questionable

Not **clear**

Substance:

Is not **sure**

Btw:

- Often these
- **People**

Hey:

That's **all**

They **got**

A **rude**:

Slur

Or **vague** line

They don't **got**:

More

So:

- **Point**

Wtf:

What do they

Mean

Intend

Wish for

Or **why**

Wtf

If someone:

- Interrupts
- Without **substance**

It is like:

Interfere

So:

- Article **Title**
- Tie it in

Could they:

Tie it in

Could they:

Go
***Around The
Block
With that***

If they:

***Put remark
Stand on still
Then what***

What do they:

Mean

And:

- Without **substance**
- Then
- **Around The**
- **Block**

Can they:

Go
***Around The
Block
With that thing***

I think no

***Not
Tie it in***

Summation

Without:

- **Substance**

Hard to continue

Lacking:

- Comes **up**

Are they:

Saying
They are
Lacking

Without:

Substance
Can they
Go

Around The Block
*With **that***

***Empty** is empty*

***Slack** is slack*

Without:

- **Substance**
- Can they
- **Go**

Around The Block
*With **that***

*Probably **no**:*

Not enough
Wind
*For **nothing***

Can't:

Tie it in

ENDING

We see:

- **Title**
- Tie it in

Also:

*Around The
Block*

Intruder:

*Talking **BS**
Not **impressive***

Conversation:

*A **good** thing*

Parts of it:

Ok

Yet:

- Not anything
- Will **do**

Without:

Substance
A Remark is
Ng

Empty is empty

Slack is slack

Without:

- **Substance**
- Can they
- **Go**

*Around The
Block
With **that***

*Probably **no***

Tie it in:

No

Article is:

Tie it in
