This is My **Article**:

- Barbarian Formula

*It is **About**:*

Manner

***Manner** is like:*

We see in
Behavior

So:

*Barbarian **Manner***

Hey:

- We may
- **See** it around

Barbarian

We **know**:

- This word
- **Barbarian**

*Over **time**:*

On Earth
We have
Seen it

This word
Barbarian

It is:

- Like **brutal**

Animal also:

Could go

With it

A few **examples**:

- Are well
- **Known**

One is:

Genghis Khan

He had:

Invaded *Persia*

A thousand

Years ago

Example of:

- **Barbarian**

This word

Barbarian

It is:

Thought of

As brutal

Method

I can **share**:

- One **method**
- **Known** on this

*In **ancient** times:*

There were

Castles

Great **Halls:**

- Of **stone**
- **Castles**

Even fortress:

Castle:

- They were
- **Strong**

So:

*Hard to **invade***

Stone **walls:**

- Prevented
- **Entry**

Castle

*One **method:***

Known

Against

Wall blocks

Was:

- Battering **ram**

*A big **log:***

*Carried by **men***

Battering ram

They would:

Ram the wall

*To **enter** Castle*

So the **term:**

- The **log**
- That **bashes**
- Castle **wall**

Battering ram:

Barbarian **method**

One **method**:

Known

Now Times

Well:

- **Now** is now

We are **here**:

Then was then

During:

Our **time**

Like **now**

- Still **barbarian**

Some **bad** guys:

Are **around**

Well:

I know

Like

How can you

Tell

Main **way**:

- To **see**
- **Barbarian** now

My **Article**:

Barbarian **Formula**

Look

Idea

This **idea**:

- Barbarian Formula

I think:

We can

See it now

These times

Me:

I have

Seen one

- **Modern** Barbarian

This means:

Qualifying as

Such

Modern Barbarian

In these times

And:

I have

Seen one

For some time

The idea:

Modern Barbarian

Construct

I have:

- **Seen one**

Modern Barbarian

This **means:**

- With
- **Gathered**
- Observations

With
Collected
Experience

I have:

Seen one

Modern Barbarian

Like from:

- **Encounter**

This is:

Btw
Totally
Coincidental

I never:

Designed
To meet
Modern Barbarian

Totally
Coincidental

So:

- With this
- **Experience** of
- Such

I offer:

Construct

Collected
Experience
For

Title:

- Barbarian **Formula**

Story

Here it is:

- **Story**

To start:

Thing

Rises up

I call her:

Thing

I got this:

Not from

Person

But mind

- She is **thing**

So:

When she

Rises up

It is:

Perhaps contra

This is:

Usually unseemly

Sometimes even:

- **Obnoxious**

When Thing:

Rises up

A **her**

This:

Rising up

Is

Almost **ugly**

It will **be**:

- **Modern** Barbarian

a **her**

More of it

When:

- **Thing**
- **Rises up**

It is with:

Poor **timing**

Also:

Aggressive

Presenting

Poor **behavior**:

- Here
- By **thing**

Ok:

So

What does it

Mean

Like **this**:

Seeming **error**

It is only:

- **Dirt**

Not **better**:

Only **dirt**

Then **formula**:

- Has **one**

Part **one**:

Thing as
Dirt

Only **dirt**

Continuing

Well:

- **Like**
- As **such**

Only **dirt**:

Who would
Guess

It would
Continue

Omg:

Yes
Sad but true

It goes **on**:

- Thing **continues**

Remember:

We **saw**
One **instance**

Part **One**:

- **Dirt**

Only *dirt*

Then **now**:

Continuing

Thing goes **on**

With **this**:

- Or **in** this
- **Continuing**

It gets

Insistent

Poor **behavior**:

- Into **insistent**

Sometimes:

Seeming like

Demand

In **continuing**

Then **this**:

- Becoming
- **Insistent**
- Like **demand**

That's **two**:

Part **two**

And as **two**:

It will be

Modern Barbarian

a **her**:

- **Two** parts
- **Already**

After Two

- It gets **good**

Here:

With two

Only dirt

And insistent

That's two

So:

- Having **gone**
- This **far**

Would she:

Go more

Continue

Let's see

We would **see:**

- Like
- Omg
- How **bad**
- Will it **get**

And with two:

Already

This is:

- The **margin**

Yes or no:

Continue

More

More bad

What does:

Formula say

Definition

So we:

- **Would wonder**

As **two:**

Bad *already*

Two *counts*

Does it:

Continue

Does it:

- **Do** *two*
- **More**

The second was:

Insistent

Does it:

- **Push** *it*

Demand *would:*

Come from

Continue

Of two

Insistent

Does it:

- **Insist**
- That it
- **Insists**

Does it:

Push it

Omg

Does it:

- **Insist**
- On **put**

That it:

Be put

If so:

Further insist

Then

That is

Commit

Commit to:

- **Aggression**

Insistent on:

Two

Insist

Dogma is:

- **Refusal to**
- **Yield**

Stop short:

Rather than

Push the same

Summation

We **see**:

- The **two**

Only dirt

And then

Insistent

If more:

Like

Insist more

Even the same:

Bad

That could be:

- **Point of**
- **Danger**

We **hope**:

They don't do

Three

ENDING

We **see** here:

- Barbarian **Formula**

One

Then two

Into

Three

Bad

Poor **behavior**:

- **Pushed**

*I don't **think**:*

Attractive

*Not **this***

So if we:

- **See**
- Developing
- **Modern** Barbarian

*Barbarian **Formula**:*

*Can **help**
Definition*

***Article** is:*

*Barbarian **Formula***
