This is My **Article**:

- Staple Two

It is About:

Denial

This:

Denial

Practiced Around

But if:

Practiced Around

Is it known

Is **Denial**:

- **Known**

To look at it:

Might help

Practice

As:

- **A Practice**

Denial

If:

Practiced Around

*People **must**:*

***Do** denial*

Practice is:

- People
- **Do** denial

Use it:

*As a **practice***

Even as:

*A **method***

*I **think** that:*

I have

***Seen** this*

Denial:

***Practiced** Around*

Christian

Quickly:

- **Christian** thing

*It **seems** like:*

***Christian** thing*

Denial

Ways of:

Christian

***Models** people:*

Use

Pg 2

Denial around:

Seems like a

Christian thing

To Look

Mentioned is:

- **Denial**

Practiced Around

But:

Is it known

Is Denial:

Known

To look at it:

Might help

If:

- **Look** at it

Then point

If looked at:

Does denial

Have stuff

Like:

- **What** is
- **In there**

Denial

Math Thing

- **Point** is here

If looked at:

Denial

To show this:

Is simple

And best is:

A math example

Denial **as:**

- By **math**

To see it:

Solid

Or with structure

Common for many

Or is it:

- **Huh**

Omg let's see

Related

If:

- **Many** people

Practice denial

And viewed as:

Math thing

Is there **substance**:

- **Denial**

A method:

We can **guess**

Like:

Deny

Also:

- To **see**
- Substance

Does it:

Fit in

Like with:

Along with

Other topics

Does it:

Make sense

Like:

With things put

Some things:

- **Are**

Put already

Can denial:

**Associate with
Things**

Hmmm:

Is it related

Fem Thing

This is now:

- **Interesting**

Point was:

Mentioned

We are in it

Now is:

Fem Thing

I think:

- **Denial is**

Fem Thing

Why is:

Secondary

Something must:

- **Be** there

Before to deny

We don't:

Deny from scratch

Something must:

Be there

Before to deny

So **secondary**:

- **Denial**

Fem thing

After something:

Be there

Then deny

Not from the:

Start

It would:

- Probably **hurt**

Deny from the
Start

Oh

So:

Fem thing

Being There

If **fem** thing:

- **Denial**

Being There:

*You can't **deny***

What is
*Not **there***

Something must:

- **Be there**

Before to deny

So denial as:

- **Fem** thing

Btw:

Seeing *this*

Sure:

You might **think**

This sounds dumb

Well:

Might *be*

Anyway:

Yet

Continue

Explore *wonder*

Wonder

Just:

- **Think** of it

If people:

Practice *denial*

Including:

And maybe

Especially *stuff*

Then:

- **Wonder**

Three *Wonders*

The **stuff**:

- **Denied**

How does it:

Get there

Stuff **denied**

Btw:

I hope this

Is not **boring**

And **stuff**:

- **Denied**

Is it **hard**

How hard:

Do they **try**

Them:

Deniers

Oooh

Do they **try**:

- **Hard** to
- **Practice** it

Or is it **easy**:

Practice denial

How does it:

- **Get** there

Stuff to deny

Big Deal

If we **think**:

- **Big Deal**

Like:

Brick

*Is denial **hard***

Practice **before**:

- One D

*One **dimension***

Only one

Denial is:

- **Big Deal**

*Over **time**:*

*Time **spent***

Deny deny deny

*Over **time**:*

*Time **spent***

Much deny

Is it:

- **Big Deal**

Like:

Brick

Denial

One D is:

- **Limited**

Almost **linear**:

Straight line

Denial:

Maybe **also**

Is it **too** easy:

- **Denial**

Is there **enough**:

From denial

Wonder is:

Can we

Make anything

From it

Denial:

Hmmm

ENDING

Much **talk**:

- **About** denial

Over **time**:

Much time

Much **effort**:

- **On** denial

Is there **brick**:

Solid

Hard:

Denial

Hmmm

Over **time:**

- **Denial**

More than:

Just One D

Time and effort:

Spent

Many people:

Denial

More than:

- **Just One D**

A Staple:

Two Legs

Staple two:

Time and effort

Denial has:

- **Built**

Two legs:

Time

Effort

Pg 12

More than:

- **Just** One D

Two D:

Denial

At least:

Two D

More than:

Just One D

So **denial** is:

- **Staple**

Two legs:

Staple

And:

Staple Two

Whoa:
