This is **Article:**

- Straight Line

It is **About:**

Straight Line

We **know:**

Straight Line

Best **use:**

- Straight Line
- Is

To **Connect**

For example:

We might **use**

- A clothes line
- A hair comb

Or we **might:**

- Run an errand

We might **use:**

Straight Line
To **Connect**

So we **know:**

- Straight Line

Usually:

we **know**
Straight Line

As **useful**

Definition

So **topic**:

- Straight Line

Definition:

We **know** too

Review:

- Just to **review**

Definition:

Straight Line

This is **simple**

Again:

- We **know** it

Definition:

Straight Line

Is

The shortest

Distance

Between

Two points

Straight Line

So **from**:

- Definition
- **Straight** Line

Best **use**:

Straight Line
Is
To **Connect**

The shortest
Distance
Between
Two points

Straight Line

Like:

A clothes line

Straight Line

Types

Topic is:

- Straight Line

And we **know**:

Straight Line

It is **useful**

Remember:

- Example

A clothes line
A hair comb
Run an errand

Straight Line

Types of:

- **Line**

Straight Line
Is **One**

Definition:

- We **saw**

The shortest
Distance
Between
Two points

Straight Line

And:

**Types of
Line**

Straight Line
Is **One**

Four types:

- We **know**

Whoa:

Like **what**

Easy is:

- **Also**

Curved line

Like on a:

Highway

Type:

- Parallel lines

Two lines
Alongside
Each other

This is like:

- In **Football**

Goal Posts:

Parallel lines

Yeh

Lastly:

- **Fourth** type

Perpendicular line

Lines that

Intersect or cross

At a 90-degree **angle**

Example:

- **Plus** sign

Yeh

So:

- **Point** here

Is

Straight Line

Is **One**

Type of

Line

Four types

Total

And **topic**:

- Straight Line

Why

Sure:

- Like

Why

We **see**:

So **much**

But **why**

Like:

- Why **talk**
- About

Straight Line

Well:

- Quickly **said**

Example for:

Straight Line

Is

- **History** USA

With **knowing**:

Like

Straight Line

Then

- Not **hard**
- To **say**

Cool

Then this:

- Is **why**

Straight Line

Surface

We might:

- **Wonder**

Straight Line:

On what

We don't:

- **Make**

Straight Line

In **nowhere**

Commonly:

- Straight Line

Is on **paper**

Paper is:

- **Surface**

Surface we:

Put line on

And remember:

Best **use**

To **connect**

Definition:

The shortest

Distance

Between

Two points

Straight Line

We **put** it:

- On **paper**

Paper as:

Surface

Pg 7

Surface is a:

- **Plane**

Remember:

Example

Surface as
Piece of **paper**

We **know**
A few

Surface:

- For a **line**

A piece of paper
A wall
A computer screen

Surface as:

- **A plane**

Plane is cool:

Like **paper**

A **flat** surface
With
No thickness

A plane:

- As **surface**

To **put**
A line

For us:

Straight Line

Topic:

- Straight Line

Ok

History

Well:

- **Intent** is

History

History USA

To be **quick**:

- **History** USA

Straight Line

Reason we:

Can **see**

Definition USA:

- Mostly
- Government

It **started**:

George
Washington

He **made**:

- Federal
- Government

Three Branches:

Federal
Government

- Executive
- Legislative
- Judicial

Pg 9

The:

Three Branches

Federal
Government

Ok:

We **know** these

Then **on**

On

Well:

- **Mentioned**

Three Branches:

Federal
Government

Made by:

First president

George
Washington

He **made**:

- Federal
- Government

It **started**:

George
Washington

And this:

- Federal
- Government

Three **Sentences:**

- **Created**

Federal
Government:

**Three Sentences
Created**

Three **Branches:**

Federal
Government

- Executive
- Legislative
- Judicial

The:

Three Branches

Three **Sentences
Created**

Made by:

First president

George
Washington

He **made:**

- Federal
- Government

It **started:**

George
Washington

So:

- **Sounds simple**

Summation

Jeez:

- If I

Think right

This **sounds**:

- Like **simple**

And remember:

Topic

Straight Line

Seems like:

- **History** USA

Straight Line

Goll:

That's **simple**

So **Point**:

- Of **Article**

Made

First president:

George

Washington

Made:

Federal

Government

It **started**:

- George
- Washington

And **this**:

Federal
Government

Three **Sentences**:

- **Created**

Federal
Government:

Three Sentences
Created

Three **Branches**:

Federal
Government

- Executive
- Legislative
- Judicial

Three **Branches**:

Three **Sentences**
Created

Made by:

- First president

George
Washington

It **started**:

George
Washington

So:

Sounds **simple**

Ponder

That's it:

- **Yet**

Ponder:

This **place**
USA

Three hundred
Years

George
Washington

How could:

- It be so
- **Simple**

Three **sentences:**

Lasting

Three hundred
Years

Much **changed:**

- Since

13 **Colonies**

Much **changed:**

Three hundred
Years

We **see:**

- Changes **daily**

Whoa

Pg 14

Maybe **too**:

- **Simple**

History USA:

Straight Line

ENDING

Point is:

- **Made**

We **know**:

Straight line

Like on **paper**:

Straight line

If it is:

- So **easy**

I don't **know**:

If

We can

Make it **big**

Maybe there's
