This is **Article:**

- Word MH

It is **About:**

MH
Mental Health

Term:

- Mental Health

We **know**

Example:

Mental Health
System

USA:

Mental Health
System

So:

Title is
Word MH

MH
Mental Health

Then **Topic:**

- Mental Health

Look at:

Topic
Mental Health

Term:

Mental Health

We **know**

Root

So:

- **Topic** is

Mental Health

This **term:**

Mental Health

Is **Conditional**

Review:

- **Root** Word

Topic is:

Mental Health

So:

- **Root** Word

Is **Health**

Mental Health:

Is

One type of
Health

So **Health:**

- Is

Main Term

Term:

- **Mental Health**

Is **Conditional**

Mental Health:

Is
**One type of
Health**

**Health is
Root Word**

Condition

Continue:

- **Topic is**

Mental Health

And:

Term
Mental Health

Is **Conditional**

Conditional:

- **Is Dependent**

Depends on:

Previous

Previous here:

- **Is**

Root Word

Root Word is:

- **Health**

So:

- **Term**
- **Mental Health**

Depends on
Health

This is:

Condition

Dependent:

Term
Mental Health

Depends on
Health

This is:

- **Condition**

Key Word

All this:

- **About**

MH
Mental Health

So if:

Term
Mental Health

Depends on
Health

Key Word:

- **Is Mental**

This **term:**

Mental

We **know**

Omg:

- That's my
- **Mind**

In **there:**

My **Mind**
Is **Mental**

In there:

- **Yes**

So:

Key Word
Mental

We have:

From Topic

Key Word
Mental

Topic is:

- **Mental Health**

So **Term:**

Mental
Is **Dependent**

Mental Health:

Is
One type of
Health
Pg 5

Health is:

- **Root Word**

Mental Health:

Is

One type of
Health

So:

- **Mental** is
- **Key Word**

Mental Health:

Is

One type of
Health

Reason

Why say this:

- **Mental Health**

Is

One type of
Health

Or:

Mental is
Key Word

Or:

Health is
Root Word

Why say this:

- **Reason**

Reason is:

Mental Health
Matters

For example:

- There are

Clients

Hey **clients**:

We **know** these

Clients are:

- **Mass**

In
Mental Health
System

Clients

Name clients:

- Is **from**

Topic

Topic is:

Mental Health

Remember:

- **Specific**

Title:

Word MH

Topic is:

Mental Health
Pg 7

Health is:

Root Word

Mental Health:

- Is

**One type of
Health**

So:

- **Mental is**
- **Key Word**

Root Word:

Is Health

Name clients:

**Is from
Topic**

Mental Health

Health Matters:

- So

**Mental Health
Matters**

Reason is:

**Mental Health
Matters**

Clients are:

- **Mass**

**In
Mental Health
System
Pg 8**

Clients

All this:

- **In Title**

Word MH

Point

Moving on:

- **Clients**

If clients:

Mass

In
Mental Health
System

We **see**:

- Then

They have **error**

In:

Mental Health
System

Clients
Have **error**

So if:

- **Clients**

Have **error**

Then:

Review Arrival

Pg 9

This is like:

- Whoa

How did it
Get this way

Review Arrival:

- Is

How did it
Get this way

This is **quick:**

So

Stay with us

Point

Statement

We saw:

- **Statement**

Term is:

How did it
Get this way

Review Arrival:

- Is

How did it
Get this way

Arrival:

- If client

Has **error**

Pg 10

Error in:

Mental Health

And so:

- **Resides in**

Mental Health
System

Then:

- **Query**

Query is:

Statement

How did it
Get this way

Like:

- Is **this** it

Is this:

All that
There is

Client:

- Has **error**

And so:

Resides in
Mental Health
System

Only this:

Jeez

Origin

Still here:

- **Clients**

Reside in:

Mental Health
System

Important **term:**

- **Origin**

Statement is:

Query

How did it
Get this way

And **similar**

Similar is:

- **How** did

They
Get this way

Quickly:

- **Origin** term

Is **Born**

Law says:

Creator
Has **made**
All beings

So:

- **Clients**

Pg 12

How did
They
Get this way

Origin term:

Is **Born**

Like:

- **Since** when

Client has **error**

And a **phrase:**

We **know**

Phrase:

Born this way

Hey:

People **say** it

Phrase:

Born this way

Query:

- **How did**

They
Get this way

So are:

- **Clients**

Born this way

How did:
They
Get this way
Pg 13

Are **clients**:

Born this way

Origin term:

- Is **Born**

If client:

Has **error**

In
Mental Health

Then did:

- Creator

Make error

In client

Are clients:

Born this way

Develop

Origin term:

- Is **Born**

We all **start**:

Born

This is **like**:

Hometown

We all **start**:

- **Born**

If not:

Born **Defective**

Like:

- With **error**

Then **developed**

Probably:

- Mental Health

Error

Developed

If not:

Born this way

Defective:

Like

With **error**

Then **developed**

Probably:

Mental Health

Error

Developed

Good place here

Summation

So:

- To **here**

We **got**

To **here**

Maybe it **seems:**

- Like **forever**

Pg 15

But we **got**
To **here**

Well:

- **Clients**

If **error:**

Clients

And **so:**

Reside in

Mental Health
System

- How **long**

Is this:

Forever

Jeez:

A **long** time
Forever

If **born** ok:

- Like **us**

Then:

How **long**

In
Mental Health
System

How **long:**

- Like **forever**

Is this:

Forever

Forever is:

A **long** time

Main Point

We have:

- Forever

Like:

How **long**

In
Mental Health
System

Is this:

Forever

Main Point:

- Is **term**

Until

Until:

How **long**

In
Mental Health
System

Is this:

- **Forever**

Forever is:

A **long** time

Term **Until**:

- Until

How **long**

In
Mental Health
System

Main Point:

Is term
Until

Whoa

Prophet

Remember:

- Prophet

Prophet:

Talks about
This

Prophet **says**:

- Any **project**

Not **built** good

Could **incur**:

- Loss of interest
- Betrayal
- Defect

This is like:

Staff

Even:

Junior staff

Omg:

- Prophet

Remember:

Prophet **says**

Any **project:**

Not **built** good

Could **incur:**

- Loss of interest
- Betrayal
- Defect

Pray for us
