

## Woke

Author:  
Thomas Lloyd  
132 Co

This is Article:

- Woke

It is About:

- People

People like:

Together

People like:

We see  
Around

Around today:

- People

A mass:

Of people

People like:

- Together

People:

We see  
Around

Around today

## Public

We see them  
Pg 1

These people:

- Like

Around

Around today

Called:

- In public

Anywhere:

- Any time

We could see:

These people

Like in public

And when:

We see

Them

These people

We see:

- Like

many people

People:

like a group

In public:

Many people

- Them

Thinking

Well these:

- People

They know:

Who they are

Like a group

We see them:

- Like

claiming

or

thinking

They:

are together

Like a group

Btw:

- this

Many people:

claiming

or

thinking

they are together

I don't think:

- this spells

united

no

But them:

- these people

The judges:

seem to be  
held

In high regard

yep

Me no:

- but

Them:

these people

The judges:

seem to be  
held

In high regard

Well:

people have

Their own:

- choice

So that's:

- what

they revere

Well:

you know

btw

Pg 4

The judges:

have no god

This:

seems known

So the:

- people

seem to

regard them

Group of:

- people

Many people:

claiming

or

thinking

they are together

In public:

- now

## **Reference**

I have:

- lawsuits

To the:

judges

About:

- This topic

Title:

- Woke

And:

judges

disarray of  
the common

USA common:

- deliberate

disarray of  
such

the common

These lawsuits:

whoa

Six years:

- i have

served the  
judges

Six years

Topic:

disarray of  
the common

USA common:

deliberate

disarray of  
such

the common

By judges

Maybe you:

have heard  
of these

- lawsuits

I am told:

many people  
have

seen these  
lawsuits

It is said:

the main judge  
on

these lawsuits

Freely circulates:

- them

my lawsuits

in public

Yes:

i am told

So:

it seems true

yes

Omg:

a giant crime

ooh

A crime:

- like

intellectual  
property

Or just:

don't put your  
hands on people

yep

ooh

Oh well:

- still

it seems true

## **Title**

Remember:

- Title =

Woke

To review:

- This

Title =

Woke

Woke is:

- like

conscious

Awake:

- conscious

Called:

- woke

This is:

like

conscious

or

alert

We know:

pay attention

Or attentive

Here:

called woke

Title =

Woke

## **More**

Seen:

- many people

like a group

We see them:

- Like

claiming

or

thinking

They:

are together

Like a group

Btw:

- this

Many people:

claiming  
or  
thinking

they are together

I don't think:

- this spells

united

no

But them:

these people

Seem to:

- hold

the judges

in high regard

yep

Me no:

but them

yep

They revere:

the judges

And:

the judges  
Pg 10

have no god

This:

seems known

So:

these people

regarding this

Them:

- a group

And:

judges

no god

Well:

- construct =

If judges:

no god

And:

these people

Look to that:

- as authority

Authority:

like connected

Then I think:

- this

people together  
Pg 11

Is:

- lacking

An important:

- point

These people:

- a group

lacking

## **Range**

This:

- so many
- people

And:

revering  
judges

- Has range

I mean:

whoa

Like:

many people

- see this

yes

See it:

yes

And said:

- lacking

Let's not:

- forget

Also:

for a  
long time

Yes:

- known

for a  
long time

Well:

still

- lacking

In spanish:

lacking

Is:

- falta

Falta:

lacking

Falta is:

- like

fault

In english:

- fault

So:

description  
Pg 13

these people

Would mean:

- the people

By:

- choosing

dumb judges

Are:

- at fault

This:

fault here

Would spell:

- short

And that's:

- a point

A point:

As short

## **Short**

Short:

- like

fault

Well:

- we know

faulty

Pg 14

Faulty:

- like

a bad car

faulty

Or:

not dependable

- faulty

Remember:

in spanish

- falta

lacking

Btw:

i have  
articles

about this

- short

Coming up:

- short

This is:

- not

reaching it

Not reaching:

- like

a mark

short

Could be:

- vague

short

Like:

short of

Short of:

- reaching

Of arriving

Of completion

short of

Short

## **Lazy**

Omg:

- what about

This

- lazy

This:

- short

Would be in:

category lazy

short

- lacking

Not:

making it

short

And title:

- Woke

Not too  
woke

no

Awake:

- seems no

Also said:

was

judges

As leaders:

with

no god

boo

judges

And remember:

- this

Hey:

we see it

for a  
long time

omg yes

We:

- know this

Pg 17

yes

And:

for a  
long time

jeez

## **Point**

So:

- point

Bad:

- short

News is:

that this

Construct of:

- people

Deliberate:

- chosen

Construct of:

people

Like:

- self made

Construct:

- is short

So definition:

would be

- not enough

Again:

short

not enough

And this:

not enough

- in short

So:

questionable

Point is:

- construct

from this

Would be:

- short

Like in:

attention span

That's right:

attention span

- short

By construct:

deliberate

yes

I have:

articles

on this

Pg 19

People:

jumping around

Indulging:

hasty  
quick  
sudden

Also:

sporadic

People:

never putting  
in time

- short

Yes:

it is marked

Shared

## **Summation**

We can see:

- this

And:

not enough  
too

So:

- construct

questionable  
attention span

We know this  
Pg 20

Short:

attention span

Known from:

- sports

There:

- sports

if you have

- ability

Like talent

We must:

maintain it

yes

Regular  
Maintenance

yes

But this:

no construct

- like

hasty  
quick  
sudden

even sporadic

Is like:

shoot from  
the hip

winging it  
Pg 21

Amateur:

or imagined

- not good

Small is:

one thing

But here:

whoa

## **Size**

Well:

- small is

one thing

But here:

- Large

The tasks:

of the  
judges

Often:

quite large

Whoa:

- these

You can't:

wing it

no

Or:

imagine things

no

Not on:

- big stuff

no

Large:

- projects

take time

planning  
thought  
endeavor

work work work

Large:

projects

take time

And USA:

- does these

large projects

yep

So:

attention span

For the:

group of  
people

Probably:

- not good

Like short

Or:

not enough

Affects:

attention span

Not good:

short

not good

**Danger**

This:

- is

dangerous

I have:

- told

the judges

Six:

years now

about this

Flaky policy:

- like

disarray of  
the common

Pg 24

- not good

Still no:

repair

We see it

Deliberate:

disarray of  
the common

by judges

Lawsuits:

I have

- told

the judges

Six:

years now

this

And also:

- we see

lousy immigrants

Contributing:

to this

We see them:

- like

having a  
field day

in our common

Pg 25

Making a mess

This stinks:

and also

Feels:

not so good

Yes:

i think so

So:

- point is

Woke is:

- in question

Like:

people ain't  
woke

So this:

- is short

## **ENDING**

Well:

- enough said

And:

all things

have a cost

Short:

- like

Pg 26

attention span

Can yield:

unpredictable  
results

Who knows:

- what happens

omg

not me  
no

## **End Note**

A term:

- system term

Danger to:

- others

Form 5150:

Danger to  
others

3 day hold:

like

MH system

5150:

3 day hold

Danger to  
others

The main:

- common

entrance

Of a person:

- into

mh system

5150:

danger to  
others

So judges:

with

no god

And:

people  
worshipping  
them

boo

Both:

- a danger
- to others

So this:

- then

not woke

Article is:

Woke
