This is Article:

- Low Down

It is About:

- Base

Base is:

Like

- Stand

Thing we:

Stand on

- Base

We know:

Base

Example:

In baseball

First base

Or:

- Vase

Flower vase:

- On a table

With a base

Bottom is:

- Base

Stand on:

Base

In baseball:

First base

- A base

More

Quickly:

- Base as

Based

Example:

Based on

- A fact

Or:

Standing on

Truth

Based on:

- Talk

The sun

Is out

Based on:

- Talk

He is a

Celebrity

- Based

We know:

Base

Based is

Base

Ok

Here

Article =

- Low Down

Base is:

- Bottom

Bottom is:

Low Down

Article =

Low Down

Getting better:

- Ok

Article =

Low Down

And:

Alternate
Name

Is:

poor bottom
Pg 3

- Low down

So:

- Here

In article

- low down

is same as

poor bottom

Low Down:

Alternate

Name is

poor bottom

Ok

Intro

So:

- About

Title =

Low Down

By description:

- down low

is

- low down

And:

- we know

In USA:

- down low

is

mental
health
system

That's right:

- usa has

mental
health
system

Called:

- mh sys

We know:

- mh sys

We know:

- then

mh sys made

MH sys:

- was made

I have:

- articles

about this

Ok:

- MH sys

was made
Pg 5

So yes:

- sure

Like:

- why

Why:

was it

made

Why was:

mh sys made

If it:

- was made

Then:

- why

Why:

was it

made

Construct

Ok:

- sure

If it:

was made

Then:

- why

Pg 6

Why:

was it

made

Why was:

mh sys made

Well:

- on this

Wonder:

- what is it

What is:

- mh sys

Like:

- is it

i guess

Just:

a collection

Like:

- only

full of

locos

Just:

a collection

full of

locos

Pg 7

Only this:

- huh

Then what:

are they

The:

- collection

full of

locos

Well:

- them

the locos

Locos:

or

- clients

Hey:

- they

are called

- names

But remember:

what is it

What is:

- mh sys

Also:

- too

Pg 8

We have:

why was
it made

To wonder:

- what is it

Is like:

why was
it made

- Related

Let's see:

- Ponder

Ponder on it

Ok

Speculate

Whoa:

- We wonder

Like:

- mh sys

Hey:

what is it

why was
it made

Speculate

Like:

- is it a

Pg 9

brick

A brick:

- like

accomplishment

what is it

Or:

maybe just

- a symbol

Symbol for:

something

MH sys:

what is it

This:

what is it

Is:

- linked to

why was
it made

Speculate:

- why was

mh sys

made

Them

- The locos

Pg 10

They are:

- clients

Them:

- by

description

They are:

grabbed

harassed

and

sequestered

This is:

- locked up

sequestered

And also:

- then

medicated

This is:

- by command

Staff:

command

Them:

- locked up

sequestered

Then:

- medicated

Medicated:

- after

called

disabled

So:

- them

kept low

Them:

- locked up

sequestered

Is like:

- kept low

This:

- kept low

Resembles:

- title

Title =

low down

In:

- kept low

Or:

down low

Pg 12

Down low:

- can be

low down

ok

Title =

low down

Like them:

the locos

mh sys

Seeing

Well:

- this

Them:

- clients

As:

kept low

Or:

down low

Like:

- low down

Title =

low down

Well:

- seeing this

The:

low down

By the:

- looks of

it

This:

- seems

unkind

Unkind:

- like

countrymen

Countrymen:

is like

patriots

Remember:

- maybe

classmates

Hey:

remember

school

Btw:

most clients

- have

high school

Pg 14

diploma

yes

This is:

- many years

Many years:

under they

belt

- yes

School:

- yes

So:

- seems

Unkind:

here

By:

description

Unkind:

- here

Seems:

low down

Title =

low down

Low down:

alright

Pg 15

yes

Seeing it:

yes

Motive

So:

- here

Like:

- seeing it

Seeing:

so much

Then:

- go back

Go back:

and

remember

I mean:

- like

This:

- mh sys

Remember:

it was made

So then:

why did

they

do it

Why:

- make

mh sys

To make:

- mh sys

What was:

motive

Me

Well:

- me

Like:

- i think

real reason

- for

Why:

- make

mh sys

This:

- was

or is

About:

government

Pg 17

USA:

government

- yes

Point =

- hey

Government:

- is a joke

Maybe:

yes

But:

- sure

Like:

- omg

why

Why a joke:

government

This:

- joke

Means:

it doesn't

- exist

Not exist:

- is

it never
did

Nor:

it never
could

- exist

It doesn't:

exist

So:

- this

said

If:

- true

Then:

- hey

they are

feeble

Government:

- not exist

would be

feeble

Maybe:

questionable

Or unsure

If this:

- true

Not exist

If this:

sounds good

Then:

- say more

Please:

say more

Like:

about this

Point

Here:

- point =

If:

government

- not true

Then:

- omg

Like:

they are

- trying

like hell

To:

- put a

bottom

on it

So:

- hey

Point =

- it has

no bottom

This:

no bottom

Is:

- like a

floating

illusion

Illusion:

- no bottom

And this:

- btw

no bottom

Would be:

- yep

low down

Title =

low down

They are:

- trying

like hell

Pg 21

To:

- put a

bottom

on it

The thing:

- with

no bottom

Point =

- it has

no bottom

Need

Golly:

- whoa

need

We need:

- bottom

Example:

- sit down

Common:

- sit down

Hey:

- i am

doing it

right now

Sit down:

- yes

And:

- bottom

yep

Reason:

- for

Need:

want bottom

Is:

- about

without

Without:

- bottom

Plans:

- could

fall through

Not complete:

fall through

Hey:

who knows

how far

this

would go

Pg 23

No bottom:

- omg

So:

- need for

bottom

ok

we got it

Use

Summary:

- here

Title =

low down

Real:

- purpose

For:

- mh sys

Reason is:

- put as

bottom

USA:

government

no bottom

What is:

- underneath

- whoa

I think:

- nothing

No bottom

Use =

- real

Purpose:

- for

mh sys

Reason is:

- put as

bottom

Where

Whoa:

- like

mh sys

a bottom

Uses:

like where

Where is it:

- mh sys

It is:

- bottom

on bottom

Bottom:

- of the

poor

We know this

This:

- bottom

of the

poor

Would be:

- mh sys

Like:

location

Reason is:

- because

poor is

bottom

We know:

- this

Poor is:

- bottom

yes

And:

- usa

whoa
Pg 26

- 90%

usa people

Are in:

- mh sys

So:

- mh sys

by math

as a bottom

Apparently:

- yes

Attempt

Trying for:

- use

mh sys

by math

as a bottom

Apparently:

- yes

Location:

bottom

Fabric

Seeing it:

- mh sys

By:

description

- hazy

Or uncertain

Could be:

- called

vague

Also:

- like

most of all

- a fallacy

MH sys:

- by all

definitions

would be

only a weed

So:

- fallacy

Not material:

no

Maybe:

only

amateur

yes

Pg 28

We:

cannot have

- a nation

Founded on:

bottom =

- a weed

no

Bottom:

of the

poor

- is

mh sys

Location:

- bottom

of the

poor

Bottom =

- a weed

Bottom:

of the

poor

Not really

Not serving:

- no

Pg 29

Not adequate:

- no

Nor:

sufficient

no

ENDING

Title =

- low down

Topic =

- mh sys

As:

low down

Down low:

- is

low down

Location:

down low

yep

This is:

- like

worst of

the worst

So:

- boo

Boo:

on that

yes

If:

government

would exist

- not this

Government:

founded on

- based on

Bottom =

- mh sys

no

Only:

- part of

the poor

no

Then this:

- only a

weed

Not enough:

- for a

nation

no

Pg 31

Final

Government:

- bottom =

mh sys

Founded on:

- mh sys

A base:

- bottom

If:

described

like this

- then

hey

We don't:

- see

The sound:

in that

one

- no

It looks:

more like

unseemly
