Questionable

- Like

Can become:

- Tardy

Tardy or
Late

We know:

From school

Btw:

- In school

Tardy or

Called bad

Yep

Article

I have:

- Article

About this:

Tardy or
Late

Straggler

Being late

Tardy or:

Can become

Straggler

Falling behind:

- Straggler

In school:

Tardy or
Late

Called bad

Also

Well:

- Ok

Introduced:

- Article =

Lagging

This:

- Lagging

Described as:

Tardy or
Late

Lagging

Also:

- Besides

This

Tardy or
Late

- Term =

Not with it

Falling behind:

- Like

Coming up

Tardy or
Late

Can show

Falling behind:

- Can show

Also

Not with it

If we:

Bother others

It can:

- Become

Difficult

If people:

- Complain

Then:

Falling behind

Or:

Coming up
Pg 5

Tardy or
Late

Can show

Can show:

- Not with it

Not with it:

- Like

Falling behind

Tardy or
Late

Or:

Straggler

A concern

In school:

Tardy or
Late

Called bad

Story

Well:

- Sure

Like:

- Why say

This

Why say:

- So much

Pg 6

Late =

Concern

Why say it

In this:

- Story

I can say

It is:

- About

Her

Listen

Intro

She:

- Yes

From here

I have:

Introduced

- Her

Before

Article =

Finishing A
Move

Article tells:

- About her

Her

Pg 7

Article:

Introduces

- Her

And tells:

About her

She:

- Called

From here

From me:

From here

My her:

- Her

Look to see

Explain

Her:

- Said

Explain =

- Whoa

In article:

Finishing A
Move

Explained

She is:

- called

Pg 8

i thought

Term used:

most commonly

- is

ego

She:

is known

- as

ego

I thought:

commonly

or ego

- her

Well:

- actually

She is:

a karma

This:

- karma

I have:

- article

Article =

World and
Karma

Article

It explains:

Karma

Definition:

- Karma

And her:

- Topic

Well:

she

Actually:

she is

a karma

ok

Enter

So her:

- she

Is here

I see her:

- around

I didn't:

make her

Yet:

- she

Is here

I see her

Around:

I see her

And she:

- is

a karma

Btw:

karma

By definition:

- is a

result of

action

So someone:

- put her

there

But:

- not me

So her:

she

Is here

I see her:

- around

Enter

Describe

Seeing her

I see her:

- like

around

She:

- is often

behind

Not:

keeping up

- is

behind

Remember:

- article =

Lagging

So her:

- she

is often

behind

Not:

keeping up

- is

behind

Called:

- lagging

Like:

- lagging

behind

Trailing:

- like

the moment

Lagging:

behind

That's:

her

Hurt

Well:

- her

Like:

- her

being there

It is:

- a bother

This:

a bother

Like:

- lagging

behind

This:

- can be

seen as

distant

And:

- distant

like

a specific

Specific:

describing

- lagging

behind

- distant

Another:

- word

for this

is

Not:

- with it

We know:

not with it

Like:

- a miss

A miss:

not with it

Like:

the moment

a miss

Well this:

not with it

Makes:

- point

Point:

of the

article

Article =

Lagging

Point

Said is:

- she

Also:

- seen

Like:

around

Around here:

- yes

her

Her:

- seen

and

Often:

- lagging

Well:

her lagging

ugh

Like:

- effects

of this

- lagging

omg

Seeing it:

- appears

late

Late:

or tardy

Remember:

- said

not with it

Like in:

- time

We know:

timing

Time and:

- timing

And:

- timing

matters

Think:

- her

Late:

or tardy

Remember:

- said

not with it

I call it:

Bad

Time

We know:

- that

time

matters

And also:

- timing

matters

We know it

Like:

- doing a

task

Doing it:

- on time

is good

Even:

- in time

is good

Like:

not late

Or:

- before

too long

yes

Well:

- hey

you can't

- do

A:

two minute

task

And take:

- half hour

no

That:

could

dog your

day

Also:

- like

Idea:

- late

Or:

taking

too long

Could:

- even

affect

timing

Timing:

- in general

Even over:

whole day

We don't:

- want

Pg 19

Whole day:

- set back

by

- one thing

no

Then:

- timing

can matter

yes

Note

Quickly:

- our day

As:

we know

We all:

- have

Many things:

- to do

daily

All day:

- do tasks

Even if:

- simple

still

We all:

have

Many things:

to do

daily

All day:

- do tasks

So her:

- like

lagging

Whoa:

- shown

Example =

time

Time or:

timing

Her:

- lagging

Is:

a bother

Why

Well:

- her

Mentioned

Said is:

- hey

I did not:

make her

So:

wtf

Her:

- lagging

Like:

- late

or tardy

Lagging:

- behind

said

What about:

- then

accuracy

In:

- lagging

It's a:

bother

Not only:

- said

accuracy

Pg 22

But:

- hey

Sometimes:

it even

seems like

- contra

Contra:

is like

against me

That's:

- not good

Her:

lagging

- then

a bother

Article =

Lagging

So I:

- wonder

Why me:

or

who

Who:

- put her

Pg 23

here

jeez

Way

Me:

- i stay

with

general timing

General:

- timing

like

The:

- way of

things

We know:

- each

setting

Has:

- a manner

This is:

each

- setting

has

A:

- timing

or

- rhythm

to it

Each:

- setting

Says:

- don't go

too quick

Or:

too strong

Don't go:

- too big

Each setting

We know it:

- yes

And:

usually

- like this

Things:

like tasks

Can be:

- possible

We do:

many tasks

Pg 25

- daily

us

So it:

- is possible

to work out

Like:

- regular

Do tasks:

and

- not get

complaints

Complaints:

from people

yep

So her:

- the lagging

Also:

- a bother

in accuracy

ooh

Review

Seeing:

- this

Topic = her

And:

- about

lagging

Hey:

- it's a

bother

Her:

- like

being here

and

- late

or tardy

too

Is:

too often

a bother

Lagging:

- behind

boo

Well:

omg

So much:

- lagging

so often

Pg 27

If:

- like this

Like:

- almost

every time

Then:

- this spells

not with it

And this:

- if like

this

not with it

It is:

- not more

than

- dirt

Whoa yes:

- not more

than

dirt

And me:

- i don't

want it

no
Pg 28

To:

carry dirt

no

And also:

- if

not more

than

- dirt

Then:

- only dirt

Omg:

only dirt

Me:

dirt

- no

I don't like

Action

Her:

- she

does action

She does:

often

- action

But not me

Hey:

- no

I:

dodge it

I did not:

- make her

no

So her:

doing action

Hey:

- it gets

even

double

Look:

when she

- like

Does an:

action

And:

- then

after

to do it

She:

- often

Pg 30

Loses:

- interest

Or:

doesn't

finish

Btw:

- this

losing

interest

Hey:

doesn't

that

Look also:

- like

lagging

too

Yep:

oh

Loses:

- interest

in an

- action

So much:

- lagging

Pg 31

Even double:

yep

So lagging:

- can be

a bother

Nobody:

- wants

Weight:

to carry

no

Omg no

Cargo

Hey:

- me

Like:

i am not

- a ship

no

I don't:

- want it

no

Carry:

- weight

no

Especially:

someone

- else

no

I don't:

want it

Finally:

- her

Like:

lagging on

Not:

completing it

Like:

- not

follow thru

a bother

Said is:

this makes

- not more

than

dirt

And if:

- then

only dirt

Pg 33

Me =

- forget it

yes

Since she:

does this

- regularly

Then:

overall

Her =

for me

- no

Not more:

- than dirt

ooh

Summation

So:

- final

Hey:

- i see

Many people:

do this

Many people:

- like

lagging too

Lagging:

- or

Not:

follow thru

Like her:

yes

Then her:

- as dirt

And:

if common

Then point:

- probably

Much:

dirt around

yep

Go figure

If double:

- then

God help us

Too much:

- dirt

And:

- slack

also

Pg 35

Is:

without

management

Not managed:

- is

slim

on

responsible

Would =

- error

yes

If double:

- then

God help us

ENDING

So:

- sorry

but

- her

We see:

- here

lagging

error

yes

This:

in general

Is:

- not good

Said here

Lagging:

- error

by her

in general

Is:

- not good

We all:

have

Many things:

to do

- daily

All day:

do tasks

Lagging is:

- no help

Lagging is:

her

Lagging
