This is Article:

- Staple Leg

It is About:

- Staple

Staple:

A thing

We know

Mostly:

We know it

As:

- Useful

Staple:

A thing

We know

About

Well:

- Sure

Like:

- We know

Staple
Pg 1

Main use:

We know

- Is

To fasten

Like:

- To fasten

Together

Fasten like:

A collection

Of papers

Fasten:

- Like

With a

Staple

Ok

Funny

Well:

- Staple

And:

- Here

Funny

Funny thing:

- With

Staple

Is:

- It has

Two legs

Staple has:

- Two legs

And we:

Know it

Staple has:

Two legs

So:

Funny thing

With staple

Is:

- It's

Definition

Definition:

- Of staple

Is from:

Second leg

Second leg:

- On staple

Makes it

Yes:

- Makes it

Pg 3

Staple:

- As funny

Second leg:

- On staple

Makes it

Makes it:

A staple

Oooh

Look

Still:

- Staple

Well:

- If

There is:

- Leg two

Second leg:

On staple

Then:

- First leg

Comes first

Ok:

- Easy

Well:

Lol

I mean:

A staple

Like:

- With

Only one

Leg

Lol

Heck:

- A staple

Staple

With:

- Only one

Leg

Is:

- Just a pin

Small too

Staple:

- With

Only one

Leg

Is:

Just a pin

So this:

- Is funny

Pg 5

I mean:

- We see

First leg:

Leg one

On staple

- Is primary

First is:

Primary

Ok

Depend

This:

- Continues

Lol

Ok:

- Staple

Well:

Staple

With:

Only one
Leg

Is:

Not a staple

So:

- Staple

Pg 6

Starting with:

Only one

Leg

Not a staple

Lol

Remember:

- Staple

With:

Only one

Leg

Is:

Just a pin

- So small

So staple:

Starting with

- Leg one

Needs:

- Leg two

Without:

Leg two

Not a staple:

- No

Only a pin

So staple:

Depends on

Pg 7

- Leg two

It needs it:

Leg two

More

Still:

- This

Staple

Article =

Staple Leg

And really:

- Then

Staple leg

Is:

- All about

Leg two

Leg two:

Makes staple

A staple

Definition:

- Staple

Depends on:

- Leg two

And we:

See

Leg two:

- Depends on

Leg one

Leg one:

- On staple

Is:

- First leg

Leg one:

On staple

Is primary

Main guy:

- Leg one

On staple:

Ok

Making

So:

- Then

It seems:

- Seeing

Leg two:

Makes staple

A staple

So staple:

- With

One leg only

We would:

- Add a leg

And that:

- Would be

Leg two

In:

- Seeing

Leg two:

Makes staple

A staple

Ok

So:

- It sounds

Easy

Yes

Process

Well:

- Cool

Let's:

- Make a

Staple

I mean:

- Heck

Just:

Add a leg

We see:

- Leg two

When there:

Makes staple

A staple

Ok:

- Cool

Let's:

- Make a

Staple

Remember:

- We know

Staple

Quickly:

Definition

Staple

a piece of
thin wire

with a
center piece

and
two legs

staple

Used as:

- Connector

Like:

- To fasten

Fasten
Together

Fasten like:

A collection

Of papers

Staple

Use of:

Staple

Then

To add:

- Leg two

Staple

Seems easy

But:

- Maybe

A concern

Interesting:

- Fact

Leg two:

Makes staple
Pg 12

One leg:

- Only

Just a pin

Not staple

But:

- As staple

It is:

- stronger

more useful

two legs

Plus:

- Then

As staple:

- It

Has a name

Leg two:

Makes staple

A staple

As staple:

- It

Has a name

Concern:

- Maybe

Let's see

Pg 13

Way

In:

- Process

Like:

- Make staple

We know:

- Just

Add a leg

Leg two:

Makes staple

But concern:

- Even

Maybe danger

Staple leg:

- Like

Added leg

Leg two

Needs:

- Distance

Leg two:

If added

Must be:

- Certain

Distance

Away:

- From

Leg one

Primary leg =

Leg one

If:

- Leg two

Added

Then:

- Too close

Distance

Is:

- No good

Staple:

Leg two

Must be:

- Certain

Distance

Away:

From

Leg one

Primary leg =

Leg one

So:

Be careful

Staple:

- Leg two

Must be:

Certain

Distance

Away:

- From

Leg one

Too close:

- Distance

Is:

No good

It would:

Not work

Why

Well:

- Ok

Make staple:

Sounds fun

I mean:

- Yes

Why not

Just add:

- A leg

Leg two:

If added

Makes staple:

- A staple

Funny thing:

- Leg two

Staple

Is feminine

Feminine:

- Like

Only a

- Second

This is:

Dependent

Dependent as:

Coming after

Coming after:

- Primary

Leg one =

Primary

But:

- We see

Pg 17

Leg two:

- Is

Definition:

Of staple

Leg two:

- If added

Makes staple:

A staple

So:

- It seems

Easy:

To

Make a

Staple

Summation

Remember:

- To

Make a

Staple

Just add:

- Leg two

Sure:

- It sounds

Easy

But:

- Leg two

If added

If built:

- Too close

Then:

- Whoa

Stick

Yep:

Like nature

Leg two:

- If added

too close
to the one

- is

stick

This:

- Stick

Is like:

Imploding

you can't
get

2 out of 1
no

danger

Pg 19

So:

- If

Make:

Staple leg

Like:

Leg two

To:

- Add to

Leg one

Primary leg

Concern:

- Yes

Staple:

With

Leg two

length matters

Like:

- leg two

distance from
one

leg one

If:

- Distance

Is:

too small

- then

danger

Term is:

- stick

Remember:

- fact is

leg one

alone

only a pin

So:

- leg two

added

And:

- with

proper length

ok

Leg two:

- added

Added to:

leg one

Then:

- leg two

extends

leg one

Pg 21

Definition:

- staple

two legs

Greater:

- than

just a pin

yes

Leg two:

- extends

leg one

Making:

staple

Same

More:

- Funny

Leg two:

- If added

Makes staple

Leg two:

- If added

Extends staple

By:

extending

staple

Pg 22

Leg two:

- Defines staple

Makes it:

- yes

Leg two:

- extends

leg one

as staple

Yet:

- still

is the same

Staple:

- is

still staple

With:

- leg two

added

still staple

So:

- still

the same

Hey:

a staple
is only

a staple

So:

- leg two

really

Just:

- part of

staple

It is:

- still

staple

Hey:

a staple

is only

a staple

Leg two:

- added

strengthens

and

fortifies

staple

Only:

- one leg

Staple:

just a pin

Final

Similar:

- example

Good:

example

extend

or

fortify

Like:

staple leg

Electric:

- cord

We know:

- this

Electric:

cord

- with

two plugs

But:

remember

grounded tip

Electric:

- cord

with

three pins

grounded tip

Grounded tip:

- is

more than

just

two pin plug

yes

Third pin:

- is called

the ground

Grounding wire:

- makes it

greater

- stronger

fortifies it

electric plug

Electric plug:

- with

third wire

called

grounding wire

It is:

- stronger

So:

more useful

Fortified:

- by

third wire

grounding wire

Electric cord

Alternate

Many people:

- Besides

To use:

- Staple

May choose:

- paper clip

This:

paper clip

alternate

It:

- also

fixes an
item

If used:

- paper clip

alternate

Pg 27

Staple:

- is

rather
permanent

Yet:

very secure

It is:

strong thing

staple

Alternate:

people use

- is

paper clip

Staple:

- knowing

staple

It is:

much stronger

Yet:

- staple

is

rather
permanent
