This is Article:

- Describe Denial

About:

Denial

Term Denial

This term:

- Denial

We have heard

It is like:

Saying no to
Something

Denial

Today:

- Here
- USA

Much to think

There are things:

We

Wonder about

We think about:

- Like

People

The chemistry:

- Social

Is not perfect

No

Yet we talk

Us

Talking

We like:

- Conversation

People together:

Talking

Conversation

We listen

We think

Be considerate

Us

We like:

- Conversation

The chemistry:

- Social

Is not perfect

Yet we talk

And it could:

Be better

Pg 2

Without:

- Denial

Saying no

Easier to talk

It flows

More easy

Conversation

Us

Definition

About:

- Term
- Denial

I think:

It is around

I think:

I see it

Around

- Term denial

And:

The chemistry

Social

Is not perfect

Yet we talk

It could:

Be better

Pg 3

Without:

- Denial

It flows

More easy

- Social

So:

Definition

Denial

More or less:

- Non
- Acceptance

Denial is:

Non acceptance

Like:

Non acceptance

Of

The way of

Things

Example:

- The chemistry
- Social

The common:

- Is

The people

Together

Denial is like:

Non acceptance

Or refusal

Refusal:

To accept

- Denial

Refusal to:

Believe

Or allow

Denial

Example:

- Like

An influence

A factor

Playing a part:

In something

An influence

A factor

Oh we know:

- Variety

Variety is good

So:

Careful with

Denial

Saying no

More

So:

- An influence

Pg 5

We know:

An influence

Influence like:

- As a factor

To influence

Playing a part:

In something

- To influence

Or:

Influenced by

Something may:

- Try

Like contributing

Maybe try:

Getting counted

We see it

Around

And we see:

- Denial too

Denial of:

Ok things

Such:

Can disturb

Denial:

Is a construct

- A made thing

Denial

It is more:

- Than just
- Saying no

A construct:

A made thing

Denial

Then:

- Like this

As construct

Denial is
By design

- Chosen

Deliberate:

- Intent on

By design

- A construct

Denial

Yes

And it is:

Really just
Saying no

Denial:

Non acceptance
Pg 7

Today

Looking around:

- Today

Denial

I think:

- I see it

Staff:

Has it

Denial

And it is:

- Said

A construct

This is:

- Deliberate

Like

Practice of

- Intent on

A construct

So I think:

I see it
Around

Today

Denial

Here
Pg 8

Facts

Here comes:

- Data stuff

Facts

We know:

- Christian

Is around

Most people
Know this

Around

Probably:

Staff

Poses as that

Christian

A good example:

- My stuff

Look

My Stuff

A quick:

- Example

My stuff

An example

I have:

Many lawsuits
With the Court

Very strong stuff

The Court:

- I have
- Gone to

Them:

Five plus
Years

In default

5+ years

This is:

- No action
- By them

5+ years

No engagement
No start
Nothing

Zip

They are:

Sitting on

Many
Initial complaints

Mine

Remember:

- Initial

A starting point

Initial:

A start
Pg 10

And:

- Said

Zero engagement

By the Court

With me

Nothing

Five plus

Years

In default

Court

- Them

Ok:

Example

My stuff

Denial

About Social

Continuing:

- Term Denial

Article is:

Describe Denial

We see:

- Many things

Abandoned

All around:

- Here

Pg 11

Many things
Abandoned

Here

Plans
Dreams
Promises

- Abandoned

Like a:

- Christian yoyo

It never
Comes back

Abandoned things

Here

Yes

Or broken:

Like with
No answer

Example is:

- Plans
- Dreams
- Promises

Abandoned

Like:

With
No answer

Probably sad

Maybe denial

No Answer

Then:

- Many things

Left

Like:

- Unanswered

Same like:

Abandoned

And what about:

- Omg

Non human

Have you heard

Let's see

Weird

Have you heard:

- The therian

Omg:

A

Non human

Therian

And this:

Therian

Is popular

It is

Pg 13

I mean like:

- They tell me
- So

Yes

Think:

- Social media

Wtf

I mean:

- Like

Who can

Say that

I am

Non human

Jeez

This is:

- Posing

Posing as:

Non human

We learned

Better

This can

Make sense

The Law

We grew up:

- The Creator
- Has made
- All beings

This is:

En punto

- Put

Taught

So:

- Hard to believe

Non human

He could never:

Go on a date

No

Omg

Two Things

Already:

- We see here

Two Things

Posing as:

Non human

Is one thing

Yet:

- Also

Many things

Left

Unanswered

Example was:

- Plans
- Dreams
- Promises

Many things
Left
Unanswered

This makes:

- Two Things

The Old Days

Look:

- At the world

A Broken world

We see:

- No opportunity

I remember:

- School

Many years:

School

Look at:

- Our poem

Us

Get a
Good education

Then
A job

Career:

- Into

Wife and family
House of
Your own

Us

Success:

- Into

Retirement
With

Prosperity

Including:

A chicken in
Every pot

Two cars in
Every garage

- Taught

Promises:

For sure

And we worked

Denial Around

Wtf:

- Looks like
- Denial

This looks like:

Denial

Just sharing it:

Here

This:

- Denial

As a construct

A brick

Of it

- Denial

Yet like:

Really nothing

What is there:

Huh

We see:

- Denial around

So much:

- Abandon

So much:

Left unanswered

We do

Summation

This:

- Looks like
- Denial

Omg then:

Can it continue

After so long:

- This denial

And also:

Non human

Non human:

As popular

Well:

- Staff

Seems absent

I shared:

My example

- Staff absent

Perhaps:

Posing

Like

Non human

But posing:

- At best
- Only romantic

Think:

Guessy

Iffy

Abstract

Posing

Unseemly

Even indecent

Boo

It doesn't:

- Add up

What is there

Pg 19

ENDING

So then:

- Term denial

This is like:

Over the head

Like:

For the birds

Denial

It could be:

- Type christian

Then here:

Is said

This is:

Probably around

And it:

- Could be
- Used
- As method

I think:

Not good chances

Like:

Being in
A funnel

Slim chance

And also:

- Then

Not all
The way

Not complete

So abandon

Looks like it

Denial:

Sooner or
Later

Only abandon

Then just:

- Short term

Maybe female
