

Medical Drug

Author:
Thomas Lloyd
TheEvenMind

This is Article:

- Medical Drug

A Story:

- I recall

Recall from:

My hometown

A Story:

- Told to me

By a man

A man in:

My hometown

Here

Here is:

- My hometown

I write from here

Me:

I have lived

In several
Neighborhoods

My hometown
Pg 1

And this:

- Story

Is not a

Hard Story to
Remember

A Story:

Told to me

- By a man

A man in:

My hometown

About

This Story:

A man told me
Once

Told me when:

We met on the
Street

- Passing by

It is not a:

Hard Story to
Remember

Still:

I was not

- Expecting

To hear it

Story

Title =

- Medical Drug

Story is about:

A Medical Drug

A drug that was
Popular

- At one time

Now:

These days

I don't know
If they are
Using it

So Story is:

My Medical Drug
Story

Time

Me:

- I have always

Stayed

- Here

In my hometown

This Story:

I recall
From here

Sometimes:

- By chance

Pg 3

I can recall
The Story

I don't:

Think of it
Often

But I share it
Now

A Story that:

A man once told
Me

We met on the
Street

- Passing by

Scene

Story was:

- Quite some

Time ago

- About 1987

Yet still:

A Fun Enough
Story To Recall

This Story:

From my
Younger days

Here:

In my hometown

Place

In my:

- Hometown

I have lived:

Several different
Neighborhoods

At that time:

When I was
Told the Story

I lived in:

- A known Area

A neighborhood
With

- Many Shops

There:

Most Shops were
On

The Main Street

And again:

A Rather Popular
Neighborhood

My Neighborhood:

- It was

Then

It had Many Shops

Probably the
Same now

Many Shops

Setting was:

Sort of Relaxed

- Casual

A number of
Shops

- Were artistic

There

Then:

- The Story

A Man told me
Once

We met on the
Street

My Neighborhood

We Met while

- Passing by

It was:

The Warm Season

Many People would:

Walk on The Street

Most Shops were:

On The Main Street

Many people would:

- Go there

To visit the Shops

Shop types:

restaurants
card shops

record shops
clothing shops

- Variety

There were many
Shops

- There

The Story

Meeting

With so many:

- People

There

My neighborhood

A lot of Variety

We never know:

- What

All of the People

Are Thinking

But still:

A lot of Variety

Then:

- One Time

Pg 7

There

When I walked

- On the Street

I met a Man

I had never
Seen before

There on the street

I don't know if:

He lived nearby

But I had never
Seen him before

Then:

As it turned out

He was beginning

- To tell me

The Story

Title =

Medical Drug

Him

When We Met:

- Him and me

He said:

He had
Seen me around

Cool
Pg 8

Remember:

I did
Live nearby

- There

At first he:

- Asked Me

If I had ever
Been

In Mental Health
System

I thought:

It was interesting

To hear
Line like that

But still:

Could be possible

Someone could
Ask

Such a question

He asked:

If I had ever
Been

In Mental Health
System

Jeez

Reply

- Him

After he:

- Asked

Question

I said I had:

Chatted with them
Before

But was not
Really

From that thing

Mental Health
System

He then asked:

Are you on

Thorazine

Well goll:

I told him

- No

And added that:

It was surprising

To Hear
Such Question

Are you on
Thorazine

Thorazine:

- Is a drug

Drug from

Mental Health
System

I had:

Heard of it
Before

- Thorazine

But no one
Ever

Mentioned it
Directly

To me

No

Thorazine is a
Drug

From

Mental Health
System

And interesting:

He then
Started to tell
Me

Thorazine Story

Whoa

Recap

Btw:

- It was an

Interesting Story

He Told Me

So now:

I Recall it here

Thorazine Story

This makes:

My Medical Drug
Story

- Title =

Medical Drug

It was told to
Me

That day

By the Man
That I Met
On The Street

It

Well:

As The Man

- Started

Started to tell
The Story

He said:

Thorazine was

- First drug

Used in

Mental Health
System

He said:

A long time
Ago

They tried to
Use a Drug
On People

Mental Health
System

He said:

Thorazine was

First Drug
Used in

Mental Health
System

Start

As Man:

- Told Me

Story

He said:

- Thorazine

Was first made

In the Mid West

- USA

It was invented:

- For

Agricultural use

He said:

- Thorazine

Was invented as

An insecticide

It was intended:

- To Use

For

To Disable

Nervous System of
Insects

Really

I think he
Referred to

Things like

Locusts

They eat crops

So this is:

- Thorazine

Invented as
Insecticide

To use for

To Disable
Nervous System of
Insects

Whoa

Sounds strong

More

So the:

- Idea

Would be

If the insects

Nervous system

Was disabled

Then probably he

Would not eat

- The crops

This could make

Sense

- So I listened

He continued Story

- Thorazine Story

How Thorazine

Started

Path

As he:

- Continued

In the Story

He said:

USA Drug Board

- Decided

To Ban Thorazine

Pg 15

Ban in USA

He Said:

- Thorazine

As insecticide

Was too dangerous

To use in USA

This could be
Possible

So he continued
The Story

- More

Further

He said:

- Next

USA sold

- Thorazine

To Mexico

This is:

Thorazine Story

But:

- He said

Thorazine was

Returned to USA

I think that

Mexico did not

Like it

Maybe Mexico:

- Found Out

USA Drug Board

Decided to

Ban Thorazine
In USA

Thorazine:

- We saw

As insecticide

Was too dangerous

To use in USA

The Man told me

Thorazine was
Returned

To USA

Fate

So now:

- Final Part

Thorazine Story

Title =

- Medical Drug

Remember:

- Earlier

As The Man

- Started

To tell the
Story

He said:

Thorazine was
First Drug

Used in

Mental Health
System

So now:

The Man

Finished the Story

Thorazine Story

By saying:

After Thorazine

- Was

Returned to USA
From Mexico

USA started:

- To use it

Thorazine

- On people

The People in:

Mental Health
System

Whoa

He finished the
Story

Just like he:

Started the Story

He said:

Thorazine was
First Drug

Used in

Mental Health
System

It was:

- Long Ago

And they tried

To use the drug
On People

People in

Mental Health
System

Thorazine Story

ENDING

So this:

- The Story

I recall it now

- Told to me

By

The Man in
My Neighborhood

My Medical Drug
Story

- Shared

Recall =

Thorazine was

First drug used

In Mental Health
System

Thorazine was:

- Invented as

An insecticide

To use for

To Disable
Nervous System
Of insects

It became:

First Drug used

Mental Health
System

An insecticide:

To use For

To Disable
Nervous System
Of insects

They decided:

- In USA

To use it
On People
Pg 20

- Thorazine
