This is Article:

- World Flat

It is About:

- The World

The World:

We know

Like:

Many countries

And:

Mountains
Rivers
And Sea

The World

Reason to:

- Write this

Like:

- About

The World

Is from:

An old view

See more

World

We say:

- The World

We know

Like:

Many countries

Plus:

Mountains

Rivers

And Sea

The World

And we:

- Know

Term Globe

The World:

- Round

Is like

- A globe

Globe like:

A round ball

Globe

Here:

We have

weather

seasons

holidays

Even festivals

In the world:

- Our world

Round:

A globe

Like:

A round ball

The world

Old View

Well:

- Good

Our world:

- Round

A globe

Like:

A round ball

Our world

There is:

- An

Old view

Specific is:

- Round

A globe

Like:

A round ball

The world

In the:

- Old days

Like:

A long

Time ago

The view:

- Was different

People were:

Simple

Times were:

More primitive

The world:

Was different

The view:

Was different

Shocking:

- The view

They thought

The world:

- Was flat

Old view:

The world

- Was flat

This was:

- Before

Before thinking

Round world:

Like a
Globe

Old view:

- The world

Was flat

They thought:

The world

Was flat

Oooh

Seeing

We can:

- Imagine

World flat

Usually:

If we

Stay in
Hometown

It may not:

Make a
Difference
Pg 5

If:

World flat

But in:

- Old days

They thought:

The world

Was flat

Columbus

USA:

- Started

Christopher
Columbus

Supposed:

- To be

1492

Year 1492

USA:

Started

Christopher
Columbus

Discovered:

- USA

Well:

Maybe you

Guess it

Guess that:

In the days
Of

Christopher
Columbus

Who:

- Discovered

USA

They thought:

- The world

Was flat

Quickly:

They thought

The world
Was flat

And:

Year 1492

Christopher
Columbus:

- Was a sailor

A fear:

In those
Days

A sailor:

Going out
To

Discover
Pg 7

Might not:

- Come back

Reason was:

- If he

Sailor

Sailed out:

In the sea

Maybe he:

- Might

Fall off

Fall off:

- That is

The end

Get this:

- That

If:

They thought

The world
Was flat

And:

- If

Sailor

Sailed out:

In the sea

Maybe he:

- Might

Fall off

If:

The world
Was flat

Then:

After distance

Sailor would:

- Fall off

The end

End of:

- The world

Doom for sure

Whoa

Remember:

- Straight line

Only goes:

- So long

Length limit:

On

Straight line

Value

Looking
Pg 9

So why:

- Learn

About:

- Flat world

Remember:

We know

Round world:

Like a
Globe

Like a ball

Round world

So:

- If wonder

What value:

- To

Know this

Well hey

See Them

Man:

- Did you

See them

I mean:

- Oh

So many:

- People

People:

Practicing

- One D

One D:

We remember

One dimension

Sure it is:

Odd

Practice:

One D

Only one d

Yet:

- People do

Practice it

Quickly:

- Review

Definition:

One D

One D

Straight:

- Line

Whoa

That's:

- One D

Definition:

Straight
Line

Single line:

- Extending

Two directions

Opposite
Directions

- Straight

And:

- In

Two directions

Going:

Infinitely

Also:

Btw

No thickness

Straight line

Definition

Straight line:

Never
Intersects

With nothing

Straight line

Point

This can:

- Sum it up

If:

Straight line

Goes:

- In

Two directions

And:

- Infinitely

Never

Intersects

With nothing

And:

So many

People

Practicing:

- One D

One D:

One dimension

Then:

- Point

Do the:

People today

Pg 13

Practicing:

One D

One dimension

Do they:

- Think

The world:

- Is flat

It really:

Could be

Yet me:

I don't know

Do the:

- People today

Practicing:

- One D

One dimension

Do they:

- Think

The world:

- Is flat

This is:

Great

To:

Wonder about

Pg 14

So:

- Good

Btw:

- If

People think

The world

Is flat

Then only:

- One plain

Like:

Big and flat

One plain

Also:

Probably too

- Boring

That's what:

I think

Article is:

World Flat
